

# GLOBAL OUTREACH DAY

One Day: **2 June 2012**

One World: **200 Nations**

One Message: **Jesus**

***What would happen if the good news of Jesus Christ were to be proclaimed in every nation on Earth on the same day?***

## **The Vision**

The vision of the Global Outreach Day is to mobilize you and your church to take the Gospel to the lost – and this will happen across the world on one day, every year.

## **It's your harvest!**

Global Outreach Day is not just another vision for you to follow. It's about individual people with individual gifts reaching their region.

## **It's easy!**

You don't need money; all you need is a willingness to do something. It's about every Christian standing up and reaching different people in their own way with the good news: whether you go to hospitals, prisons, orphanages, on to the streets or in your neighborhood – you can even use the Global Outreach Day to invite people into your home and tell them about Jesus over dinner.

## **It's simply the beginning**

The G.O.D. won't simply be a special day for those people who give their lives to Christ. It could be the start of a new, missionary lifestyle for every single person that is involved. This one day could start a wave of evangelism across the world, and you can be a part of this beginning!

## **Partners**

Many churches and organizations are already taking part in the Global Outreach Day (CfaN, Global Day of Prayer, Call2All, YWAM, Campus Crusade and many others). Be a part of it and let's reach this world together.

*"This is a day of salvation!" Reinhard Bonnke*

*"The Global Outreach Day is a vision of God and I believe in this vision. We expect to see millions of people coming into the kingdom of God!" Loren Cunningham*
